Cottonwood Grove No. 2, Woodmen circle, will meet at 2:30 o'clock this afternoon at the I. O. O. F. hall.

H. J. Hamer, an extensive cattle raiser of Arizona, with ranges near Holbrook, is in the city on business. The Fraternal Mystic circle, Benefit Ruling No. 2102, will meet at 8 o'clock tonight at its hall, 317 1/2 South Second street.

Albuquerque Encampment, No. 4, I. O. O. F., will meet at 8 o'clock tonight at I. O. O. F. hall. Officers are to be elected.

Joseph Swilman, special apprentice at the Santa Fe shop, returned last night from a vacation spent in Iowa, Missouri and Kansas.

John Becker and his son, motored to the city yesterday from Helen. After transacting some business here, they returned to Helen in the afternoon.

Mrs. P. A. Martin and two children will leave this afternoon for Des Moines, Ia., where they will visit the parents of Mrs. Martin until September 1.

E. F. Landolf, of the First Savings Bank & Trust company, after a visit of a month with relatives of New York and other eastern states, has returned to the city.

Joseph C. Taylor underwent an operation on account of appendicitis yesterday. The attack came on Mr. Taylor suddenly. He was reported to be on the way to recovery last night.

Miss Edmonia James, of Kansas City, art student, and for several years an art critic on New York publications, now residing in Albuquerque, left yesterday for a brief visit at the Grand Canyon. Miss James recently returned from a visit to Santa Fe.

Mrs. Edward Bass, 111 South Eighth street, has returned home from a four month visit with relatives and friends in Louisiana. Mrs. Bass was accompanied from El Paso by her daughter, Mrs. Ed Price, and Mr. Price. Mr. and Mrs. Price contemplate making Albuquerque their home.

Orogrande, N. M.—In order to provide a transportation outlet for its iron mine situated four miles from Brice, N. M., the Colorado Fuel & Iron company is constructing a short line railway from the end of the Orogrande branch of the El Paso & Southwestern to its property.—Herald Age Gazette.

In the action brought by Raquel Lopez de Salazar et al., minors, by Bernabe V. Leyba, next friend, against Francisco B. de Lopez and Felipe J. Gutierrez, Judge H. F. Reynolds yesterday granted judgment. The court, being informed that none of the plaintiffs were in possession of the property, whose title they sought to quiet at the time of the filing of the action, held that they could not maintain the action.

BIGGER AND BETTER

SUNDAY WILL BE A LITTLE MOJAVE IN ALBUQUERQUE

Following Official Notification, Chief Galusha Announces That Lid Will Be Clamped Tight.

Next Sunday is going to be "dry" in Albuquerque, so dry that a desert-seasoned camel would perish if he didn't have strength enough to amble to Old Town or Baratas. Next Sunday won't stand by itself in that respect. "Dry" Sundays will continue. Chief J. H. Galusha, of the police department, announced yesterday afternoon that the lid would be clamped down at one minute before midnight Saturday and kept down until midnight Sunday. Sunday consists of twenty-four hours and one minute for the purposes of the resolution adopted by the council.

Chief Galusha made this announcement after he was officially notified by Mayor Henry Westfield of the council's action. The mayor delivered the three reform resolutions to the chief late yesterday afternoon. They were not signed by the mayor, but the fact that he turned them over to the chief would indicate that he did not intend to disapprove them. The mayor attached a note to the resolutions, saying they were for the instruction and guidance of the chief.

The chief declared that the lid on gambling was a tight one. The immediate lid applied to all methods of flouting with wealth except punch boards. The police gave owners of punch boards until midnight tomorrow to get rid of them, so their action would not appear confiscatory. From then on there will be no punch boards. Even those that have not money prizes must go. This brief exemption was not allowed other forms of gambling, however. The police were on the lookout for places where "agents" with sportive instinct were likely to gather from the start. Chief Galusha stated that he would adhere strictly to the duty of his office as pointed out by the council as the oath he took upon entering the office compels him to. The chief instructed his force to see that the Sunday closing order, the anti-rumbling law and the order requiring the removal of blinds from the front of saloons on Sunday were obeyed.

PRIZES TO BE GIVEN BY BETTERMENT LEAGUE FOR BEST KEPT YARDS

As an incentive to beautifying yards, the Civic Betterment league will give prizes in each of the four wards for the yards showing the greatest care and improvement. Two prizes are to be awarded in each ward, one \$5 and the other \$2.

The league has appointed ward committees to inspect yards. The committees will make a thorough inspection within the next few days and occasionally thereafter until fall when the awards will be made.

The inspections will be made quietly. All yards will be included. Any commendable features in any yard will be reported from time to time. The league desires that owners and tenants of small places shall not feel that they are being judged in the same class as those having means to hire help to care for their premises. Therefore the awards will be limited to those premises cared for by members of the household.

In making the awards the committees will consider the following points: 1. The upkeep of the front and back yards, fences and outhouses. 2. The absence of weeds or obnoxious trash in the street and alley adjoining. 3. The improvement in general appearance of the entire premises. 4. Where there are lawns and flower beds, the harmony in the arrangement of the same.

The awards in the yard photographic contest were announced yesterday by Secretary L. F. Reed. The judges gave Miss Louise Watson the first prize on a photograph of the front yard at her home, 1005 Fortetter avenue. Only one other photograph of a front yard was received. The league received no photographs of back yards. Another prize was to have been awarded in this class.

COURT APPROVES WILL OF JAMES WILKINSON

The will of James Wilkinson was approved yesterday by the probate court. The widow, Mrs. Nellie Wilkinson, was appointed executrix by Judge John Bacon Burg without bond.

The hearing on the final report of the administrator of the estate of Preciliano Gabaldon was continued to next Tuesday.

The hearing on the final report of the administrator of the estate of J. P. Steele was continued to August 1.

The hearing on the final report of the administrator of the estate of Veneranda G. Gutierrez was continued until August 1.

Court was adjourned until Tuesday.

The United States civil service commission announces open competitive examinations as follows:

July 19, Laboratory Aid in seed testing, \$999 to \$1200. Calculating machine operator, \$999 to \$1200. Upon request further information will be furnished by H. F. Pagani, of the forest service, local secretary, or the district secretary at San Francisco.

Livery and saddle horses. Tribune's Red Barn. Vendome Annex, first class rooms, running water in each room. Mrs. John Cornetto, Prop.

COMPANY G WILL BE ADMITTED TO SERVICE SHORTLY

Capt. J. H. Toulouse Leaves for Border With More Than Enough Men to Bring Organization Up to Mark.

Company G, First New Mexico Infantry, will be admitted to federal service probably tomorrow. With the enlistments secured here by Capt. J. H. Toulouse in the last few days, the roll of the company will exceed the minimum strength fixed by the United States.

Captain Toulouse left last night for Columbus, N. M., with the recruits, twelve of them. The company lacks only ten men of the required strength, so two of the twelve may fail in the physical examinations and still the Albuquerque company will muster enough men for admittance to federal service. Captain Toulouse believed it unlikely that any one of the twelve would fail to pass. They stood preliminary physical examinations here.

Four more recruits for Company G will leave here within a week, so the company's going into federal service shortly, if not as early as tomorrow, appears to be certain. Prospects for active campaigning gave some impetus to recruitings, according to Captain Toulouse.

Company L Needs More Men. Lieut. Ray Sena, Company L, First New Mexico Infantry, returned to Albuquerque from Columbus yesterday. Lieutenant Sena is in search of more recruits. He recently gathered a squad which he took to Columbus, but the company needs more.

Adj. Gen. Harry T. Herring was here last night, returning to Columbus from Santa Fe.

CITED FOR HAVING PASTEBOARD IN PLACE OF METAL LICENSE

Because he was driving an automobile with a pasteboard placard where the state license ought to have been, George Ferman was cited last night by Capt. Pat O'Grady to appear in police court this morning. The pasteboard did not contain the information that a license had been applied for, but indicated that the car was run under a dealer's license.

Ezequiel Saavedra was fined \$50 yesterday by Police Judge W. W. McCellan because he failed to provide himself with a state license and driver's license. The judge remitted \$25 when Saavedra took out a driver's license.

The police department is carrying on a campaign against the home-made "license applied for" signs used by automobilists as a substitute for state licenses.

BROTHERHOODS OBTAIN WIDESPREAD PUBLICITY THROUGH A NOVEL BALL

The Albuquerque lodges of the four transportation brotherhoods seeking the eight-hour day at the hands of the railroads gained widespread publicity last night through holding an "eight-hour ball" at the armory, to which the general public was invited. Several hundred Albuquerqueans were present. The greater part of them being other than railroad people, who attended to learn of the eight-hour campaign.

The ball was the first publicity affair of the kind ever held in the state and its success was evident in that most of those who attended were interested in the transportation men's propaganda through it.

A committee of the local brotherhoods managed the function and managed it in a way to excite favorable comment from those attending.

RED CROSS SOCIETY TO CONTINUE WORK THROUGHOUT SUMMER

Because of the impending trouble with Mexico, the local chapter of the Red Cross yesterday abandoned its plan of adjourning for the summer and will continue weekly meetings to manufacture hospital supplies.

Although organized only a short time, the society has manufactured a great quantity of supplies, including 288 gauze dressings, 25 gauze bandages, 732 gauze pads, 744 gauze wipes, 132 T-bandages, 350 gauze wipes of another class. All these are wrapped ready for sterilization. The members are very enthusiastic about the work and will continue to turn out supplies at a rapid rate.

The Red Cross ball, held recently, cleared \$250 for the society, it was shown by reports made yesterday.

GILLETTE CREATES EXACT SHERLOCK HOLMES ROLE

In the physical appearance of William Gillette—tall, almost gaunt—few men of his success with the character of Sherlock Holmes. Of course, coupled with this he stands as a type of genius without equal on the American stage today. Mr. Gillette photographs unusually well and his seven-act "Sherlock Holmes" recently issued by Essanay, keeps the film version true to the figure of fiction created by A. Conan Doyle. His Sherlock Holmes is the calm and dignified though eccentric figure that Doyle painted in his books. The film already is assured of the popularity which met Mr. Gillette's interpretations on the stage.

This wonderful characterization now at the Crystal theater for the entire week.

"Gentry's eggs," 35 cents. Sold by Jaffa, Mabey and Hawkins.

JOLLY BUILDING UP TRADE AT STATESON'S

The manager of the Stateson "Sells Royal Blue" store, 214 1/2 West Central avenue, is K. P. Jolly, and since assuming the management he has proved himself a live wire. The business has increased to gratifying proportions in the past few months, and every day's sales since Jolly's coming show increases. He does not believe in loafing or showing an inclination to get tired, when business is in sight, and keeps his stock so well displayed, while the prices are right, that customers or those just looking-around are almost forced to buy. Mr. Jolly comes to the city from Chicago; is familiar with the shoe business and is building up a good trade at the Stateson store.

GERMAN CHARGED WITH NEUTRALITY VIOLATION

El Paso, Tex., June 20.—Frederick Griese, a German banker of Mexico City, was under detention by agents of the department of justice here today, charged with violation of the United States neutrality laws. Griese was prevented last night from crossing into Mexico.

E. B. Stone, who is in charge of the investigation of Griese's alleged activities, held the banker incommunicado tonight and every effort was made to prevent any inkling of exact allegations against him being made public. It was said that the investigation would be resumed tomorrow and it was intimated that important developments might be expected.

Max Weber, German consul in Juarez, at first denied all knowledge of Griese and his case, but later admitted that he had heard of a German banker in Mexico City bearing that name.

Numerous reports of the activities of foreign agents in Mexico have reached the border in recent months, but have lacked confirmation.

DETAILS NOT KNOWN IN WASHINGTON

Washington, June 20.—Although Frederick Griese, the Mexican City banker arrested in El Paso, has been under surveillance of department of justice agents for several weeks, details of the investigation having been left to the department's agents on the border, and are unknown to officials here. It was said tonight that a full report was expected tomorrow and that only the fact of Griese's arrest has been reported thus far.

WOULD CONFISCATE CHINAMEN'S STOCKS

Nogales, Ariz., June 20.—Chinese merchants, who transact almost the entire retail business of Nogales, Sonora, were notified today that they must load their entire stock on freight cars ready for transportation to Magdalena and other Mexican refugee camps tomorrow morning. A delegation of Chinese appealed to United States Consul Ernest Simplicio, who is living on this side, but he said he was unable to advise them, as he had been recalled. It is probable that the Chinese will permit their stocks to be confiscated and demand payment from the Carranza government.

Local bankers financing the shipment of twenty-three carloads of garbanos, or chick peas, worth at present about \$110,000, were greatly relieved tonight when a switch engine in the hands of the Mexicans shunted the eighteen cars across to this side. The Mexican export duty on garbanos is \$2 per bag and a heavy bonus is said to have been paid to obtain the release of the shipment.

25,000 TAKE PART IN MUNICH DISTURBANCE

London, June 20.—Twenty-five thousand persons are reported to have taken part in demonstrations in Munich on Saturday in which considerable damage to property was inflicted.

An Exchange Telegraph dispatch from Zurich says that word of this occurrence has reached that city from Munich, it being reported that the Rathaus was damaged and that windows of all the neighboring houses were broken. According to this account troops charged the crowd several times and large numbers of persons were wounded. Many arrests are said to have been made.

TO PROBE DELAY OF MOBILIZATION MESSAGE

Des Moines, Iowa, June 21.—Mobilization of the 2,500 members of the Iowa national guard at Camp Dodge, near here, was started today. Investigation was ordered by Governor Clarke to fix the blame for the non-delivery of the war department's telegram, which was not delivered for twenty-four hours after its receipt here.

GOVERNOR OF YUCATAN DENIES WAR RUMOR

New York, June 20.—Governor Alvarado Obregon, of Yucatan, in a cablegram to Dr. Victor A. Rendon, American representative of the Yucatan sisal commission, branded as untrue the report that reached Guatemala yesterday that the Yucatan had declared a "state of war" existed between Mexico and the United States, and had expelled all Americans from Yucatan.

Hughes' Successor Suggested. Indianapolis, Ind., June 20.—A telegram urging the appointment of Frank P. Walsh, of Kansas City, Mo., former chairman of the industrial relations committee, to the vacancy in the supreme court bench caused by the resignation of Charles E. Hughes, was sent to President Wilson today by officials of the United Mine Workers of America. The telegram was ordered sent by the international executive board of the miners, which is now in session here.
